Are you ready to safely open your office, store, or restaurant?

America is starting to open up again.

For the past couple of months businesses have been closed through no fault of their own. Workers have been furloughed, customers have been sheltering in place, and the economy slowed to a snail's pace. It is time to go back to work, but in a safe way that won't put either your workers or customers in harm's way. An Indoff Sales Representative can help you make that a reality.

## PANEL EXTENDERS AND PLASTIC BARRIERS

Keep your workers appropriately distanced from one another or your customers with panel extenders or plastic barriers. These products are easy to install, easy to clean, and won't disrupt your business.

## ROOM DIVIDERS/WALL SYSTEMS
